

Criminal Justice Information System (CJIS) Advisory Committee Meeting Summary

Date: December 20, 2005

Location: Iowa Judicial Branch Building, Room #165

Hours: 10:00 a.m. – 11:00 a.m.

Members Present: Larry Murphy, Mary Tabor

Others Present: Dave Meyers, Jennifer Acton

Members Participating via Conference Call: Dennis Anderson, Leesa McNeil, Lois Leary, Dennis Henderson, Michael Riepe, Gary Maynard, Tom Becker, Larry Grund, Mary Jensen

Members In Absentia: Robert Dvorsky, Helen Miller, Lance Horbach, Steve Kettering, Robert Sosalla, Mike King, Jeff Hughes,

Actions Taken: 1) By unanimous consent the Committee awarded URL Integration the contract to perform services pursuant to CJIS RFS # 03110905. This RFS was released to receive proposals to develop GJXDM-conformant information exchange packages, build Iowa-specific GJXDM conformant namespace and data standards, and conduct transaction processing analysis to identify triggering events that will initiate discrete web services to support exchanges. The total cost associated with this award is \$79,922.

Meeting Highlights:

- Dave Meyers presented several informational items: 1) There is the possibility that some funding may become available from the National Governor's Association (NGA) for pilot projects utilizing XML. The NGA is considering providing up to \$50,000 each to States that are selected to participate. Iowa has expressed its desire to participate utilizing the county attorney case management project. 2) The decision regarding the Iowa Attorney General's automated victim notification federal grant application should be made in February. 3) SEARCH, the National Consortium for Justice Information and Statistics, is holding their 2006 Symposium March 13 – 15 in Washington, DC. 4) The dates for next quarter of CJIS Advisory Committee meetings are: January 18, February 23, and March 22.
- Dave Meyers presented a briefing on the latest draft of the Sex Offender Data Integration report that was developed by the Sex Offender Prevention and Treatment Task Force. The draft report contains a recommendation that provides a mechanism which will allow state agencies to share address information with the DCI for the purpose of verifying addresses of persons on the sex offender registry. Additionally, the report contains a recommendation which will allow Sheriff's to transmit sex offender registration information to the DCI

electronically. A final version of the report will be presented to the General Assembly on January 15, 2006.

- Dave Meyers presented information regarding the proposals that were received pursuant to CJIS RFS # 03110905 which was released in November. There were a total of four proposals received. They were from URL Integration, JBS Solutions, Crossflo Systems, and Science Applications International Corporation. A team of reviewers from the Division of Criminal and Juvenile Justice Planning, Department of Transportation, Department of Corrections, Department of Public Safety, and the Judicial Branch, unanimously agreed that URL Integration provided the proposal that best met the requirements outlined in the RFS and which also was within the project's existing budget. On behalf of the review team Dave recommended that the Committee award the contract to URL Integration. After a brief discussion the Committee agreed with the review team's recommendation and voted to award the contract to URL Integration.
